Improvements to the Surroundings of the Roman Catholic Church near Krangeri Mysore city

The Secy's memo of 8/4/01.

The Sub-committee's report seems to show that the whole question was laid open again and rejected by the Board. Is there anything to support the President's opinion, that the original resolution of 29th September still holds?

Letter dtd 28/9 12/10/1900

Memo

In para VII of the Proceedings of 29/9/1900, the Glyssee Municipal Board, approved compensation statements for Rs 13,173 for acquiring houses and lands on sanitary grounds in Evangeni.

2. In submitting a compensation statement for the amount for acquiring houses and lands to improve the surroundings of the Roman Catholic Church near Evangeni the President doubted whether ~~~~ the expenditure of such a large amount for the benefit of a single institution

might be removed and
solicited the orders
Govt.

(3) Before the issue
of final orders, the
opinion of the Board was
called for and they referred
the question to a Sub-committee
who expressed themselves
in favour of acquiring all
the huts between the church
and the Emangeni Harbour
at a cost of Rs 14000 and
to making over the site
cleared of the huts to the
Roman Catholic Mission
on payment of Rs 3000
under certain conditions
But the Board in their
Proceedings of 7th January
1901 rejected the Sub-committee
recommendation

(3) In the Proceedings of

+ No 6654/L.T.16.1900 of 14-11-00

question of the disposal
of the vacant site after
the acquisition of the
houses and not the
question of acquiring
them, which was
decided in Pro of 29/1/01

of the Board rejecting the
sub. committees report do
not ~~accept~~ to cancel
their previous resolution
of 29/7/00, wherein a
compensation statement for
Rs 13.173 was approved.
Thus, ~~the office letter to~~
~~submit~~, the original
proposition of purchasing
insanitary huts in
Evangere holds good, or
at all events has not been cancelled
though the proposition
to make over the site to
the Mission has been
thrown out. But the
matter for consideration
is whether there are more
insanitary localities, where
the acquisition of houses
+ lands demands priority
of claim. Owing to the several

fatal cases of Plague
in this locality and the
place having been
condemned by the Sanitary
Com., Sanitary Engineer
Plague Officer
and they ~~Engineer~~, this
place, is selected as the ^ the President states
~~first~~ one for acquisition.

There is nothing in this
note to support the view
that only the disposal was
before the Bd.

The Q^n is virtually
whether the resolution
of the Bd should be
set aside on the ground
of the President differing
from them, and Gov^t
has to pass orders I
believe on this basis.

The following are the points requiring orders

This is unfounded. When an Officer was stated to have mentioned an amount that offered exceeded his expenditure was demanded it was not his version that was asked - the 1st Councillor himself said in the first instance that it was 4000 based his opinion on the statement of the Vice President. I do not think he is justified in refusing to deal with a matter when it falls within

of the Dewan.

' A sum of Rs 13,450/- was sanctioned in Govt Procs no 285-88/198-201 dated 25 July 1901 for the removal of the Nolagere Block. Out of this amount, it was decided that a sum of Rs 6,000/- as detailed in the margin would be recovered, and the net charge against Govt would amount only to Rs 7450/-. From the records it will be seen that only a sum of Rs 3000/- was promised by the Roman Catholic priest and not Rs 4000/- as stated by the Vice President. The 1st Councillor is also of opinion that Rs 3000/- may be taken into account. Orders are therefore solicited to increase the net charge by

Paras 1, 5 and 6 of the Inspection Notes of the Mysore City of the 1st Councillor, dated 11th July 1901 :—

"1. Before starting on my inspection this morning I had a discussion with the Health Officer, Vice-President and President. We decided that, as suggested by the Senior Surgeon, houses in the neighbourhood of those infected should also be disinfected. The inmates of the house might be removed to Viranna's Lines and their clothes disinfected in the steam boiler.

* * * * *

"5. Thence went to Erangere. The President was advised to take up the Holeya houses near the Roman Catholic Chapel and remove the whole block. It would have been an easy task if the work had been taken up last year as advised by me. The inhabitants had camped out and were getting accustomed to live outside the town. Now they have all come back and may put a higher price on the houses than they did last year. But the Vice-President assures me that they can be persuaded to take the price settled last year. I think there should be no further delay in acquiring and removing this block as a whole.

"6. The cost will not fall entirely on the Municipality. I have noted in the list appended how the cost is proposed to be recouped to an appreciable extent: The Vice-President has given a long list. I think all the improvements are necessary, but for immediate action I have selected four blocks and given them in the order of their importance. In all these the cost will be made good to some extent by re-sale of sites with a condition that they should be kept open or only such buildings should be put up as may be approved by Government."

No. 1285-88—L. B. (P.) 198-201, DATED BANGALORE, 25TH JULY 1901.

ORDER THEREON—Government agree that the houses in the neighbourhood of those infected should also be disinfected, the inmates of such houses being removed to Viranna's Lines and their clothes disinfected in the steam boiler. Apart from disinfection, all the houses in the affected locality must be thoroughly cleaned, whitewashed and, if possible, ventilated, one of the duties of the Chief Plague Officer and Health Officer being to impress upon the people the desirability of keeping themselves and their clothes scrupulously clean.

2. The approximate cost of removing the four blocks of houses referred to in the accompanying statement, amounting to Rs. 32,256, is sanctioned, the amount being debited provisionally to Plague Funds subject to future adjustment.

3. The President, City Municipality, Mysore, is requested to furnish information as to the number of houses which will be removed from the said blocks and the number of people who will be rendered homeless and will have to provide themselves with accommodation elsewhere.

4. Government consider it necessary that the people thus rendered homeless should be encouraged to build their houses in the extensions.

5. Government would also prefer not to allow any buildings to spring up on sites thus rendered vacant for some years more, and direct that no permission should be granted to build on such land without their previous sanction.

The President proposes a compensation of Rs 13,173 for improving the surroundings of the Roman catholic church near Devanagere, Mysore. He leaves it to Govt to consider whether such a large amount to be defrayed from the loan fund raised, should be spent in the interests of a single institution.

From the records it does not appear that the matter has been considered by the Rel Board of Mysore.

SIR,

(2)

With reference to your docket 1/10 6654
2726-1900
dated 14th November 1900, returning for revision and retransmission the Compensation statement awarding to Co/31-73 for acquiring a block of houses in Laranger together with the opinion of the Board, I have the honour, in retransmitting the Compensation statement aforesaid, duly revised, to state, that the matter was, at a meeting of the Board, held on the 24th November 1900, referred to a Sub-Committee consisting of the Vice-President, Civil Surgeon, and messrs Sheik Ibrahim Sahib and Ramaraajiah for an inspection of the locality and report; that the inspection was duly made

made by the said members of the Sub-Committee and a report submitted bearing date the 20th December 1900, (Copy herewith forwarded) that the said Sub-Committees report was put before the Board at their meeting on the 9th February 1901 and was rejected by a majority of 10 to 4.

Spurted copy put up

It will, however, be noted that the original resolution of the Board, passed at their meeting held on the 29th September 1900, for the acquisition of the block of houses in Karangere still holds, and that only the proposal to make over the same to the Roman Catholic Church adjoining has fallen through. I therefore request that the Compensation State-ment amounting to Rs 13451 herewith resubmitted may be duly sanctioned and returned for the following reasons.—

Spurted copy put up

(1) That it is necessary to remove many other such blocks of houses from the Congested parts of the City of Mysore

And that a beginning should be made somewhere;

(2) that this block was chosen to start with as there were so many fatal Cases of Plague in this locality and as it had been Condemned by the Senior Surgeon and Sanitary Commissioner, the Sanitary Engineer and the Chief Plague officer;

(3) That, with the experience of the recurrence of plague during the past three years it is most essential, in my opinion, that a beginning should be made at once so as to encourage the owners of these houses to build for themselves other houses in the Extension which has been marked out on which they will be obliged to build according to approved principles so as to serve as an Example (should they be immune from Plague in their houses - should there be an outbreak) to others living in Congested parts who are not under Existing Circumstances easily

prevailed on

on to leave their present houses

(4) That all or at all events the majority of the owners and occupiers of this block in Yarrangyere are ready and willing to avail themselves of the opportunity to leave these houses and to build for themselves other houses in the Extension above referred to and from many of these Mutchalikas have already been taken.

(5) In Conclusion I may state that the question of acquiring the houses for the benifit of the Roman Catholic Church does not exist any longer as the Board has, in its resolution above quoted — rejected the proposal of the Sub-Committee to hand over the vacant site to that institution.

I have the honour to be
Sir
Your most obedient Servant.

To.

The President City municipal
Board, Mysore

Sir.

We, the following members of the Sub-Committee appointed under resolution 4 of Proceedings dated 24th November 1900, have the honour to report as follows; —

That the Sub-Committee met on the 20th December 1900 and the members present were. —

1. The Vice-President City Mun$^{l}$ Board
2. The offg Civil Surgeon Mysore District
3. Mr M. Anantharajiah Mun$^{l}$ Commissioner,

and the member absent was Mr Sheik Ibrahim Saheb, Mun$^{l}$ Commissioner

That the question of acquiring insanitary houses in Laranger was discussed and the Plague Commissioner, the Chief Plague officer and the

Sanitary -

Sanitary Superintending Engineer were consulted on the spot and we arrived at a conclusion:—

(1) That the whole of the locality containing huts about 150 in number, situated between the Roman Catholic Church and the Zanzigere Adigere street, be acquired by the municipality, the Compensation payable for them being estimated at Rs 14 000

(2) That the whole of this locality be cleared off these houses and sites given to the house-owners free of cost in the Jalapuri Extension, the municipality laying out main streets and Conservancy lanes and allotting sites at the earliest opportunity. The unit for each hut be fixed at (50×20) feet.

(3) That owing to the poverty of the Adiya Community inhabiting this locality, it will be a help to them if the Compensation payable to them is paid in instalments instead of in a lump-sum and they are made to work themselves on their new houses in the Extension.

They might also be induced to utilize the materials of their old houses. The plan of the houses to be built was approved of by the Sanitary Superintending Engineer and it may be adopted.

(4) That the whole of the Compensation payable, namely Rs 14000, may be placed at the disposal of the Vice-President of the Loan Fund and he may be empowered to draw sums as required. He will endeavour to complete the houses within 6 months from this date.

(5) That the amount of Compensation payable to each individual house owner, will be noted in a separate list and it may be one of the duties of the Vice-President to see that the amount against each individual is not exceeded.

(6) That the site cleared of the houses may be handed over to the Roman Catholic mission on payment of Rs 3000 and they may be made to bind themselves not to erect domestic buildings thereon. The materials.

vacant the
two houses.

materials of the Existing houses are estimated at Rs 2000; Therefore the net Cost to be met by the municipality will be Rs 9000, Excluding the value of the Site on the Jalapuri Extension to be allotted free. The Vice-President Expects to effect a Saving on the Rs 9000 now estimated as the total Cost of the improvement under Consideration

Orders

No 14349 g 26/Rev.
L.J. 26-1900

The Govt observe that

that the proposal to acquire the houses in question has not been accepted by the Board. The former President (~~Dr~~ Sir Malachi) doubted the expediency of the measure; but the present President contesting the resolution of the Board No [redacted] of the ~~2nd~~ 9th Feb: 1907 as rejecting only the proposed disposal of the acquired sites in favour of the Roman Catholic Mission, supports the proposed acquisition.

But before passing orders on the question, Govt desire to be assured that funds for carrying out the projected measure are available.

to a loan-fund; but no loans seem to have been raised by the municipality. Whatever may be the urgency of the work there seems to be no use in sanctioning the measure unless there are funds immediately available for carrying it out.

The President will therefore be requested to report early how the Mt Board mean to raise the money required for carrying out the work and to submit definite proposals for the orders of Govt.

MYSORE CITY MUNICIPAL PRESIDENT'S OFFICE,

Dated 3rd June 1901 ~~189~~

To

The Secretary to the Govern-
ment of Mysore
General and Revenue Depts.

SIR,

With reference to Govern-
-ment Proceedings no 1434 9/E.F. 26. 1901
dated 26th April 1901, observing that
the proposals to acquire the houses for
improving the surroundings of the
Roman Catholic Church has not been
accepted by the Board and the former
President doubted the expediency of
the measure; but that I construing
the resolution of Board differently
supported the proposed acquisition
and requesting to report how the Mu-
-nicipal Board mean to raise the
money for the purpose &c, I have
the honor to state that the former
President, Mr C. Madiah himself ap-
-proved

approved the letter no 630 dated 23rd March 1901; but there having been delay in revising the Estimate, the same letter with its enclosures was submitted in fact after I took charge of the District.

The Proceedings under reference was placed before the Board and in view of the financial straits of the municipality, they resolved that the question be dropped. A copy of this resolution is herewith submitted.

The only measure of effecting substantial improvements in the sanitation of the city, would be by raising a loan; for which permission was solicited in this office no 270 dated 18th October 1900; but no orders have yet been passed.

Therefore I request you will be good enough to obtain the sanction of the Government for raising

the

the loan in open market as there are several willing to invest their savings.

I have the honor to be,
Sir,
Your most obedient Servant
H. Ramaiya
For President
